

Today's Devotional is provided by Jules Christian

Things Can Change in a Moment. . . .

. . . certainly, after experiencing the constant changes of the news of corona virus over the past weeks, we know that now more than ever.

Jesus also knew this truth all too well, that in a moment, crowds could go from cheering, "Hosanna, save us Now", to "Crucify Him, Crucify Him!"

The good news for Jesus, and the news for us, is we serve a God whose character does not change. God is still on the throne and is not shaken by the latest brand of trouble in our world.

It helps me to remember that in these uncertain times, God has the final say.

On that grim and glorious Friday, Jesus laid down his life on the cross and proclaimed, "God, into your hands I commit my Spirit." It looked as if all hope was lost. But then, in a moment, in three days' time, what had seemed hopeless changed! Jesus arose victorious over death and the grave.

My dear siblings, what may seem hopeless right now, will change, and with God on our side, we will have the victory!

God right now, in this moment, in whatever we are facing, help us to draw close and to trust in you! Thank you, Jesus, for being our example, and for paving the way for us! Holy Spirit, lead and guide us during these uncertain days and times, knowing that you are with us and will bring about good changes in our lives as we trust in You. Amen!
